THE SAFE DEPOSIT CO.,

OF CINCINNATI,

No. 20 West Third St.,

Established to meet a want in all large Cities, and under the most careful Regulations.

Merchants and Manufacturers, in view of destruction by fire, or misplacement of envelopes of Insurance Policies, Deeds, Leases, Contracts, or other valuable papers, would find their anxiety of mind relieved by renting a box in the Company's Vaults.

Trustees, Guardians, Sureties, Attorneys at Law, or, in fact, Treasurers for Corporations, by making their principals pay for rent of a box, can avoid much personal risk, and protect their bondsmen in case of death or accident.

Banks and Bankers may relieve their employees, officers and stockholders of an uncertain, but, at times, large responsibility, by requiring parties to secure boxes, at a small cost.

Holders of Gold, Silverware, Jewelry, or other valuables, can obtain receipts at fixed valuations, at same rates as charged in New York and London by similar institutions.

Kept constantly on hand Also, an assortment of

Billiard and Bagatelle Balls, Billiard Cloths, French Chalk and Cue Tips, Plain and Fancy Cues, &c.,

And all Materials belonging to the trade, including

PARLOR CROQUET TABLES.

I have combined and applied on my Billiard Tables all the modern improvements in style, and best mathematical accuracy of workmanship, unequaled by any other house, either in the United States or Europe. M. Phelan's Patent Combination Cushions, which are unequaled in elasticity and correctness in angles, have received the greatest attention of all the scientific billiard players, and give my Tables the most perfection now in existence. Especial attention will be given to repair and re-cushion old Tables; and all orders for any articles sent to me will be carefully attended to, and will be filled as well and at the same price as if the purchaser made the selection in person.

Gold Medals were awarded to these Tables at the Sixteenth and Eighteenth Annual Exhibition of the Ohio Mechanics' Institute; also the First Premium at the Merchants and Inventors' Fair, held at Chicago, Illinois, September, 1867; and at the Missouri State Fair, October, 1867, they beat all competitors, and carried off the First Prize.

At this Establishment can always be found a magnificent assortment of all descriptions and sizes of Billiard, Bagatelle, Jenny Lind and Pigeon-Hole Tables, Billiard Cloth, Balls, Cues, Chalk, Cue Cement, and every article connected with the trade, which we will sell at prices that defy competition.

We use J. M. BRUNSWICK'S Combination Cushion, acknowledged to be the best in existence, and for which four distinct Patents have been obtained.

PREFACE

TO OUR EIGHTEENTH VOLUME.

In collecting and arranging the information contained in the present issue of our DIRECTORY, we have, as heretofore, exercised the greatest care and diligence to avoid errors and to prevent the omission of the name of any inhabitant of the city.

The canvass to obtain the names of citizens for this Volume was most complete and thorough—the entire city being canvassed square by square, by competent and experienced canvassers, under the supervision of Assistant Compilers who have been for many years in our employ, and whose faithfulness we have fully tested. We can assure our patrons that every means that a long experience in the Directory business could suggest to prevent errors has been employed, and that we have honestly and arduously labored to make the Work thoroughly correct and reliable, and confidently believe that the tests to which the DIRECTORY will be submitted by our Subscribers will not only prove the truth of our assertion, but demonstrate that our EIGHTEENTH VOLUME is as correct and reliable as it is possible to make a work of the kind.

We call attention to the new MAP OF THE CITY OF CINCINNATI accompanying our DIRECTORY, drawn for us by R. C. PHILLIPS, ESQ., of our city; also, to the DIGEST OF U. S. PATENT LAWS, prepared by MESSRS. KNIGHT BROS., Patent Solicitors, No. 24 W. Fourth Street, for the CINCINNATI DIRECTORY.

See "LIST OF REMOVALS, OMISSIONS," &c., for NAMES omitted in the body of the DIRECTORY.

We return our thanks to the Press of the city for the many flattering notices given us as Publishers, and to the business community for the patronage extended to the Work, and renew our promise to perseveringly labor to make each succeeding Issue of our DIRECTORY more worthy of commendation and patronage.

STREET DIRECTORY.

The STREET DIRECTORY is simply an ALPHABETICAL arrangement of Streets, Alleys, etc., with a sufficient portion of corner numbers attached to such as are of any considerable importance, for the purpose of aiding those who refer to it, in becoming familiar with the system of numbering. It will be found by citizens as well as strangers to be a practical guide to the different parts of the City, as far as it has yet been numbered.

EXPLANATION.—On streets commencing at, and running directly from the River, or others running in the same direction, the ODD numbers are on the West, and the EVEN on the East side of the street, commencing at the River or such other point as the street may commence. On streets crossing Main, the ODD numbers are on the South, and the EVEN on the North side of the street, commencing at and running East and West from Main, thus dividing each into two distinct streets, distinguished by prefixing East or West to the name. All others running in a similar direction are numbered in the same manner, commencing at the point nearest to Main and running East or West, according to the direction of the same. In a very few instances streets will be found to have the same name, one of them generally in the suburbs, not numbered and of but little consequence—to such a * is prefixed.

In designating the CORNER numbers we have used ODD numbers entirely, except where streets commence at or end upon the side where the EVEN numbers belong.

ÆTNA

CHARTER PERPETUAL.

INCORPORATED 1819.

INSURANCE COMPANY

OF HARTFORD, CONN.

IN 49 YEARS IT HAS PAID FOR

FIVE THOUSAND (5,000) DWELLING HOUSES AND CONTENTS,
TWENTY-TWO HUNDRED (2,200) CHURCHES, SCHOOLS, &c.,
EIGHT THOUSAND (8,000) STORES AND MERCHANDISE,
FORTY-FOUR HUNDRED (4,400) MILLS AND MANUFACTORIES,
TWENTY-TWO HUNDRED (2,200) SHIPMENTS BY LAKE, &c.

Making a Total of Losses paid of over

$23,000,000.00!

The daily destruction by Fire of Property in the United States reaches the enormous sum of $250,000.

ARE YOU INSURED? IF NOT, WHY NOT?

The cost is trifling; the duty is manifest; the result may be your escape from ruin; while delay and neglect may involve you in irretrievable disaster, bankruptcy, poverty, and cruel disappointment.

The ÆTNA presents unequalled facilities to the public, by means of its extended and efficient organization, its heavy capital and assets, for first-class Insurance.

FIRE & INLAND NAVIGATION POLICIES

Issued at as favorable rates and rules as are consistent with reliable indemnity.

J. J. BUTLER'S

EXCELSIOR

FLUID INKS.

MERCANTILE, for general purposes, COPYING, for Letter Press,
RECORD, for Ledgers and Records, CARMINE, of Brilliant Hue.

CELEBRATED FOR—1st. Intense Black Color (at first of a greenish hue). 2d. Easy flow from the pen. 3d. Permanency (will never fade by exposure). 4th. Economy.

EXPLANATION.—These Inks can be satisfactorily used to the last drop. Other domestic Inks in a brief time grow too thick for use, and are only fit to be thrown away before half consumed. The Carmine may be exposed to the action of the air without injury.

FACTS CONFIRMING THE ABOVE QUALITIES.

First—These Writing Fluids are now in general use throughout the United States, with an increased demand.

Second—They have been analyzed by Dr. Chilton, the celebrated Chemist of New York City, and pronounced "Equal in quality and durability to the best imported English Fluids."

Manufactured by J. J. BUTLER,

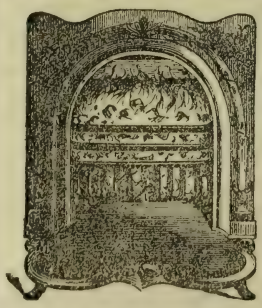
DODGE'S PATENT

STOVES AND GRATES



Have been thoroughly tested by many thousands during the past ten years, and universally approved.

BUILDERS

Should adopt this Patent in all new houses.

HOUSEKEEPERS

Should not overlook this most important improvement, as it not only secures comfort in their homes, but IT SAVES HALF THE FUEL. This saving is becoming each year more important, as fuel increases in price. DOUBLE THE HEAT WITH HALF THE FUEL. The room is made EQUALLY comfortable in every part.

AGENTS WANTED

In every County in the United States. Many of our Agents who are Stove Dealers have increased their business ONE HALF the first year, and controlled all the GRATE AND HEATING STOVE trade of their places.

DIGEST OF UNITED STATES PATENT LAWS,

COMPILED BY

KNIGHT BROS.,

SOLICITORS OF PATENTS, CONSULTING ENGINEERS, AND COUNSELLORS IN PATENT CAUSES,

No. 24 WEST FOURTH ST., CINCINNATI, O., and

No. 406 F STREET, WASHINGTON, D. C.

1. **A PATENT** for seventeen years is granted to the first inventor of a new and useful Art, Machine, Manufacture, or Composition of Matter, not heretofore known in this country, nor published or patented in any foreign country. Application fee, $15. Issue, $20. Act 1861, Sec. 10.

2. **A CAVEAT** is useful as a precautionary step, in cases where the inventor requires further time or means to mature his invention, and entitles the party (for a year) to notice of any interfering application subsequently filed. Gov. fee, $10. Act 1861, Sec. 10.

3. **APPLICATION** for Letters Patent, should be made within two years after the first sale, or public use of the invention, and must be accompanied by a Model, (where the case admits of one,) or a specimen of Ingredients and Composition; also, Petition, Oath, Duplicate Drawings, Specification, and Fee, ($15). It must be made by the inventor, or (if deceased) by his administrator, for the benefit of the heirs. Act 1836, Sec. 6 and 10; Act 1839, Sec. 7.

4. **MODELS** may be of any durable material, avoiding glue, must not exceed twelve inches in length, and should particularly represent the points of invention.

5. **DESIGN.**—A patent for 3½, 7, or 14 years, is allowed to any citizen of the United States, who originates a new carving or sculptural composition, or a new shape or configuration of any article of manufacture, or a new, ornamental, or useful design, pattern, or picture, to be worked into, or printed, or painted, or cast, or otherwise attached to any article of manufacture. Gov. fee, $10, $15, or $30. Act 1861.

Photographic illustrations of Designs must be accompanied by the "negatives," to enable copies to be made in the Patent Office.—Holt, Commissioner of Patents, 1857.

An engraved or printed design issued as an object of art, having a value in itself, and intended for sale as such, properly comes within the provisions of the copyright law; but when, however artistically executed, it is not produced for sale as a work of art, but is designed to be affixed in the manner of a label to a manufactured article, it then plainly falls under the act relating to patents for designs, and consequently can not be protected by copyright.—Bishop, Commis'r of Patents. Aug. 1859.

6. **COPYRIGHT** may be obtained for, 1st, Printed reading matter, forming no part of any ornament or manufacturer's mark; 2d, Charts, musical compositions, and prints or engravings intended for sale as such. Act 1831, Sec. 1.

7. **REISSUE.**—Patents with defective specifications may be reissued in an amended form. Gov. fee, $30. Act. 1836, Sec. 13; Act 1861, Sec. 10.

Where by inadvertence, accident, or mistake, the original patent is too broad, a disclaimer may be filed either by the original patentee, or by any of his assignees. Fee, $10. Act 1837, Sec. 7.

8. **EXTENSION.**—Application for extension must be made at least three months prior to the expiration of a patent. The chief points to be established, are: 1st, ascertained value of the invention; 2d, amount of loss and profit which have accrued from the invention; 3d, efforts made and difficulties incurred in maturing and introducing the invention. Application fee, $50. Issue, $50 Act 1848, Sec. 1; Act 1861, Sec. 10.

9. **FOREIGNERS** may obtain a patent on same terms as a citizen. Act 1861, Sec. 10.

10. **JOINT INVENTORS** are entitled to a joint patent, but neither can claim one separately.

11. **ASSIGNMENTS** may be made previous to application, and should be recorded in United States Patent Office within three months.

12. **A PART OWNER** of a patent may, in the absence of any contract, assign his interest or any fractional part thereof, or he may, either alone or in company with others, purchase or make as many machines as he pleases, and may sell them to others with the right to use or sell them; or he may refuse to sell them, and may rent them; but he has no power to control the action of, nor to exercise any supervision over, a co-proprietor, nor to compel contribution of profits or losses, nor to enforce a partition of the right, nor is either party under any obligation to make the property profitable. Such parties must be regarded as having interests which are distinct and separate in their nature, though derived from the same instrument; and having the same interests, with the right to use them separately, they can not, for any legal use of them, incur any obligation to each other.—Chapman, J., Supreme Ct. Mass. 1864, p. 225. Allen Mass. Rep.

13. **THE SPECIFICATION** must set forth the invention in such full, clear, and exact terms, as to enable one skilled in the art to which it appertains, to compound and use it without making any experiments of his own.—5 Howard, 4.

14. **ABANDONMENT.**—If an inventor (before application for a patent) knowingly suffers his invention to go into public and general use without objection, it is a dedication of it to the public.—4 Mason, 108.

No patent is held to be invalid by reason of the purchase, sale, or use prior to the application for a patent, except on proof of the abandonment of the invention to the public; or that such purchase, sale, or prior use, has been for more than two years prior to such application for a patent. Act 1839, Sec. 7.

15. **PRIOR DESCRIPTION** in a public work, if relied upon to void a patent, must be such as would be sufficient in a patent.—Parker *v.* Stiles, M'Lean, Nov. 1849.

16. **AN IMPROVER** upon an original patent has no right to use the original, nor has the original patentee a right to use the improvement without license.—1 Peters, C. C. 399.

17. **MERE COLORABLE DIFFERENCES**, or slight improvements, can not shake the right of the original inventor.—2 Gall. 54.

18. **A COMBINATION CLAIM** is not infringed by the use of any number of parts less than the whole.—3 M'Lean, 454.

19. **LEGITIMATE COMBINATION,** is where two or more parts act together, in a new way, with a useful result.

20. **MECHANICAL EQUIVALENT** means a substitute known to the art.

21. **THE PRODUCT** of a patented machine is not patent property.—3 M'Lean, 296-97.

22. **LOCAL RIGHTS.**—Patented articles purchased under a local right can not be sold or used outside of the territory of the vendor.

23. **PATENTEES** are required to mark each article made or vended under their patent, (or where this is impracticable, to mark the package) with the word "patented," and the day and year; but infringers, who have been duly notified, are liable, notwithstanding the omission of such marking by the patentee. Act 1861, Sec. 13.

24. **PENALTY** of not less than $100 and costs is incurred for each fraudulent marking of unpatented articles with the word "patent" or like phrase, or for unauthorized use of a patentee's mark. Act 1842, Sec. 5.

25. **THE INVENTION,** if new, and useful to the public, may be the result either of long experiment and profound research, or of a sudden and lucky thought or mere accidental discovery. * * * * Luck, labor, or inspiration gives an equal right.—Tindal, C. J.

The first inventor has the prior right, if he had reduced the invention to a practical form by drawing or otherwise, and has used reasonable diligence in adapting and perfecting it.— 1 Story, 590-596.

There is no doubt that he who has discovered some new element or property of matter, may secure to himself the ownership of his discovery, so soon as he has been able to illustrate its practicability and to demonstrate its value. His patent, in such a case, will be commensurate with the principle it announces to the world, and may be as broad as the mental conception itself. But the mental conception must have been susceptible of embodiment, and must, in fact, have been embodied in some mechanical device, or in some process or art. The abstract must be resolved into the concrete. The patent must be for a thing, not for an idea merely.—Kane, J., U. S. D. C. Pa.

26. **SECRET USE.**—The inventor, who, from selfishness, indifference, or caprice, wishes to withhold from the knowledge and enjoyment of his fellow-citizens a discovery which he has made, must see to it, that, in burying his "secret," he preserves proofs of its existence, ready to be produced whenever the action of another and more generous inventor shall summon him to the issue.—Holt, Commissioner of Patents, Nov., 1858.

AND
LOUISVILLE CEMENT.

This Cement Drain Pipe is being extensively used in Boston, New York, Albany, and other Eastern Cities, and always with entire satisfaction to the purchaser.

It is especially adapted to the draining of Cellars, Cisterns, Sinks, Privies, &c.

As this Pipe is composed of imperishable materials, time and water, instead of injuring, serve only to mature and harden it, until it becomes as hard as rock, and is as lasting as the earth in which it is laid.

It is cheaper than any other durable Pipe; it is better than iron, as it will not rust or decay.

The conical or bevel joint renders it easily laid, insures an even interior and exterior surface, and there being no flange projections, a uniform bearing on the outside.

BUSINESS COLLEGE,

N. W. Cor. Fifth & Walnut Sts., Cincinnati.

(The Oldest Institution of the kind in the United States.)

Book-keeping, Penmanship, Arithmetic, Composition, Commercial Lectures, &c.

This Institution is the most commodious and best arranged of any of the kind in the city. It affords unrivaled advantages for imparting a practical and thorough Business Education. The system of instruction combines practice and theory in a more thorough and complete manner than in any similar establishment.

BOOK-KEEPING.

The course in Book-keeping embraces such practical and scientific information as to impart a complete mastery of the subject in its various departments. Students are not only taught theoretically, but initiated into all the practical routine connected with keeping books in the most extensive business houses; buying and selling for cash and on time, shipping and receiving goods per order, on commission, and joint account; making out bills of lading, invoices, and accounts current; effecting insurance; rendering account of sales; writing letters; making remittances; drawing checks; dealing in domestic and foreign exchange, and negotiable paper generally; making deposits; discounting paper in bank, &c., thus embracing the most extensive practical course to be found in the West.

Penmanship

This department is under the charge of Prof. C. G. Adams, of New York, one of the most rapid and accomplished Business Penmen and successful Teachers in the Union. Specimens of Off-Hand Writing and Flourishing can be obtained on application.

COMMERCIAL ARITHMETIC.

Those who complete a course at this institution will be made rapid and correct arithmeticians. It includes all the short and improved methods connected with Business Computations.

BUSINESS FORMS AND CORRESPONDENCE.

This feature is peculiar to this institution, and it receives that attention which its importance demands. Students are made thoroughly familiar with every document used in Business, and instructed in the principles and practice of Composition in such manner as to enable them to become good business correspondents on the completion of the course.

LECTURES, ETC.

Students will receive constant drilling by a system of Lecturing and Blackboard instruction in the different subjects connected with the course. As a writer and lecturer on commercial subjects, the ability of the Principal of this institution is known and recognized by the business public of this city.

LADIES' DEPARTMENT.

Superior facilities are afforded for imparting Business Information to Ladies. The importance of the subject is now being felt and appreciated.

All letters addressed to the institution for Circulars, Specimens of Penmanship, &c., should contain inclosed two three-cent stamps.

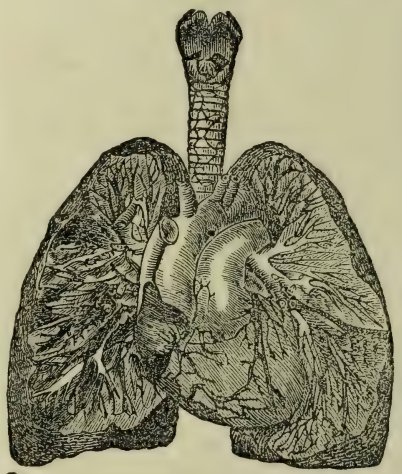
THE GREAT AMERICAN CONSUMPTIVE REMEDY.

DR. WM. HALL'S BALSAM FOR THE LUNGS,

FOR THE CURE OF

Consumption, Decline, Asthma, Bronchitis, Wasting of Flesh, Night Sweats, Spitting of Blood, Hooping-Cough, Difficulty of Breathing, Cough, Croup, Influenza, Phthisic, Pain in the Side, and all Diseases of the Throat and Lungs.

10,000 DOLLARS REWARD IS OFFERED FOR A BETTER RECIPE.



IT *contains no Opium, Calomel, or Mineral Poison, and can be safely taken by the most delicate child.* It is estimated that 150,000 die annually in the United States with Consumption, and the most eminent physicians say that a vast number of these could be saved by the timely use of some proper remedy.

DR. WM. HALL'S BALSAM for the LUNGS strikes at the root of the ***disease at once,*** and such is its speedy effect that any one using it freely, according to directions, for twenty-four or forty-eight hours, and not being entirely satisfied with its merits, may return it and receive back their money. The most distressing cough is frequently relieved by a single dose, and broken up in a few hours' time. The afflicted do not have to take bottle after bottle before they will find whether this remedy will afford relief or not. Searching analysis has enabled ***fraudulent imitators*** to gain an imperfect knowledge of some of its ingredients, but has failed to give them that ***happy combination*** which is its peculiar excellence, and the source of its great ***healing powers*** in all Lung diseases. No higher proof of its intrinsic value as a medicinal agent can be given than the fact that others attempt to deceive the public with their ***Balsams by false and wicked representations*** that they are similar in composition to DR. WM. HALL'S BALSAM FOR THE LUNGS.

The public have been imposed upon by remedies recommended by certificates which have always originated from some unknown source. We believe that a ***medicine possessing real merits*** will effect cures wherever it is used, at home as well as abroad. ***No great has*** been the success of this medicine that few ***cities, towns, or villages*** can be named where some ***lives*** have not been saved by the use of DR. WM. HALL'S BALSAM FOR THE LUNGS. So unexampled has been its triumph over pulmonary complaints through many years of trial, that the magic words, "Balsam for the Lungs," have become in the minds of the people a ***certain guarantee*** for the cure of all lung diseases, and ***unprincipled men*** knowing this and caring only for making money, without regard to the health or life of those who purchase, ***have adopted names similar in sound*** for their worthless compounds, thinking thereby to throw a charm around them, and sell them on the ***reputation*** of **Dr. Wm. Hall's Balsam for the Lungs;** and some, in recommending their "Lung Balsams," recently brought to the notice of the public, have even dared to use certificates for cures that have been effected ***many years since*** by the use of DR. WM. HALL'S BALSAM FOR THE LUNGS, hoping thereby to ***deceive the afflicted,*** and gain a paltry sum at the risk of the health and even life of their victims. We therefore caution all to ***beware*** of such ***unprincipled deceptions. Physicians*** and other ***intelligent*** persons, in all parts of the country, have given their ***unqualified approval*** and ***recommendation*** of DR. WM. HALL'S BALSAM FOR THE LUNGS. Would it not be the part of ***wisdom*** to buy that which is ***known*** and ***approved,*** in preference to new and uncertain preparations?

We therefore repeat, buy only **Dr. Wm. Hall's Balsam for the Lungs.** It is the best.

This is no paregoric preparation, but one which, if used in season, will save life. Cases which the most skillful physicians in this country and in Europe have ***pronounced incurable,*** and ***surrendered as hopeless beyond a doubt, leaving the patients without a single ray to enliven them*** in their gloom, have been cured by DR. WM. HALL'S BALSAM FOR THE LUNGS, and the ***"victims of Consumption"*** are now as vigorous and strong as the most robust among us. And these cases are not isolated ones; they are numerous, and can be pointed out in every community, where this most unrivaled remedy has been tested, as our testimonials prove.

Be slow, then, to believe the oft-repeated story about the lungs being gone; or rather let no such apprehension induce you to give up. *Act upon the principle that while there is life there is hope. You can never be so low that you can not trust, humanly speaking,* in DR. WM. HALL'S BALSAM FOR THE LUNGS. More than one, nay hundreds, have been brought by it almost from death to life, when all else have failed. Give, then, this powerful but harmless remedy a trial.

Accompanying each bottle of DR. WM. HALL'S BALSAM FOR THE LUNGS is a treatise, in pamphlet form, on Consumption and Lung diseases generally, with special directions for using, modes of treatment, etc., for which we bespeak your perusal.

Dr. Wm. Hall's Balsam for the Lungs is for sale where family medicines are kept in all parts of this and many foreign countries. ***Buy no other Lung Balsam,*** but be sure that you get DR. WM. HALL'S BALSAM FOR THE LUNGS. We only publish in this Almanac a few of the certificates of cures from the vast number sent us by those who have tried DR. WM. HALL'S BALSAM FOR THE LUNGS. A. L. SCOVILL & CO., Proprietors, Cincinnati, and New York City. Price, $1 per bottle.

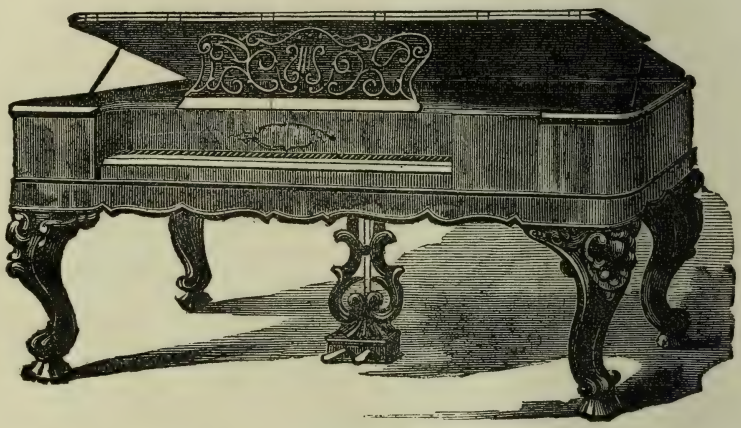
CINCINNATI
Piano-Forte Manufactory.

HERMANN GEROLD, Proprietor.



I offer the public a class of Pianos which in TONE combines GREAT POWER, RICHNESS, SWEETNESS, and FINE SINGING QUALITY, as well as GREAT PURITY OF INTONATION, and equal throughout the Scale. In WORKMANSHIP, DURABILITY and TOUCH they are UNSURPASSED by any, and at prices less than can be purchased elsewhere, combining the same qualities.

ANOTHER IMPORTANT CONSIDERATION.

These Pianos possess the comparatively rare quality of STANDING FIRMLY IN TUNE, and will stand any climate.

Every Piano Warranted for Five Years.

HERMANN GEROLD,
PIANO-FORTE MANUFACTURER,

Factory, N. E. Corner of Franklin and Sycamore Streets,

Regulations.

The Board consists of seven members, four of whom constitute a quorum at any regular and called meetings.

The regular meetings are held at the Office of Public Schools, City Buildings, on Eighth street, between Plum and Central Avenue, on the second Thursday of each month, except July and August, at two o'clock P. M. Extra meetings may be called by any three members of the Board, who, in signing the call for such meeting, are understood as pledging themselves to attend it.

The Board grants two grades of Certificates, denominated, respectively, Male Principal's Certificate and Female Assistant's Certificate.

Candidates for a Male Principal's Certificate are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, Ancient and Modern History, Anatomy and Physiology, Chemistry, Astronomy, Geometry, Plane Trigonometry and Mensuration, and Penmanship.

Candidates for a Female Assistant's Certificate are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, Anatomy and Physiology, Penmanship, and Ancient and Modern History.

Candidates for positions in the High Schools will be examined in Chemistry and Astronomy, in addition to the above list.

The number opposite to each branch, in the column on the right of the list of studies on the certificate issued, measures the result of the examination, ten being the maximum. Less than seven, in either English Grammar, Geography, Mental Arithmetic or Written Arithmetic, is a failure. Certificates are valid as follows: For and average of seventy per cent. of correct answers, one year; eighty per cent., three years; ninenty per cent., five years.

A record of the character of the examination of each individual is preserved in a volume for the use of the Board of Trustees and Visitors.

Candidates must leave with the Clerk of the Board, at least three days before the monthly meeting, a certificate of good moral character, together with a declaration that they are eighteen years of age, (or seventeen, if graduates from the High Schools, or with similar attainments,) and that they design to teach in the Public Schools of Cincinnati, if found qualified. Candidates are requested to leave their address, and a statement of any experience they may have had in teaching.

Candidates shall be examined in the absence of all spectators, save the Trustees and Visitors of Public Schools.

Candidates shall not be examined who are not present, punctually, at the appointed hour. None shall be admitted to a second examination, or have a certificate already granted, improved, till after the expiration of six months.

Communications to the Board must be left with the Clerk, at the Office of Public Schools, City Buildings, Eighth street, between Plum and Central Avenue, between the hours of 9 A. M. and 12 M., and between the hours of 1 P. M. and 4 P. M.

No certificate shall be issued without an average of seventy per cent. of the full number of marks.

Directions to Key-Holders.

Upon positive information of a fire *near* your signal box, unlock the door, and turn the crank slowly and steadily about twenty-five times; then wait a few moments, and if you hear no ticking in the box, or alarm on the bells, turn again as before. Cease turning as soon as the bells strike; and in no case commence to turn while a ticking is heard in the box.

Never open the box or touch the crank except in case of fire.

Never give an alarm except from the box nearest the fire.

Be sure the box is locked before leaving it.

Never let the key go out of your possession, unless to some responsible person for the purpose of giving an alarm, or when called for by the Superintendent.

The number of the box signaling the fire will be struck upon the bells of all the Engine Houses, together with that upon the Mechanics' Institute. For example: To announce an alarm from signal box No. 24, the bells will be struck TWICE, and after a pause of five seconds, will be struck FOUR times, thus, 2—4. If from 124, thus, 1—2—4. The number of the box will be repeated at intervals of twenty seconds until a sufficient alarm has been sounded.

E. G. MEGRUE,
Chief Eng. Fire Dept. and Supt. Fire Alarm Tel.

RULES AND REGULATIONS

Governing the Use of Water from the City Water Works.

First.—All officers and employees to have free access, at all reasonable hours, to premises where water is used.

Second—Hydrants, plugs, stop boxes, hose, and all other attachments, must be kept in complete repair by the owner or occupant.

Third.—The following *abuses* are absolutely prohibited, to-wit: 1st. Permitting or allowing the water to be used for any other purpose than those named in the bill. 2d. Sprinkling gardens, streets or side walks; or Washing carriages, omnibusses, cars, or other vehicles, with hose, without a special permit, obtained and paid for at this office; and in no case will hose be allowed for the above uses, with out-flows or nozzles, when used for washing carriages and other vehicles, greater than one-eighth of an inch, and for any other purpose greater than one-quarter of an inch diameter of circular opening, or their equivalents. 3d. Permitting leaks. 4th. Allowing water to flow unnecessarily while washing pavements and for similar purposes.

Fourth.—No person, without a written permit from the proper officer, is allowed to turn a public or private stop-cock.

Fifth.—All service pipe must be laid at least three feet below the surface, and all pipe outside the public stop, located on the upper level of the city must be "strong," and all on the lower level must be "extra strong."

Sixth.—In all cases where more than one family or other consumer is supplied from a pipe or pipes governed by one stop, some one person must become responsible for the payment of all the bills, and the keeping in good repair all pipes, hydrants, &c.

Seventh.—When cisterns are so located as to supply separate premises, and may be filled from a hydrant, water rent must be paid for all families or other consumers having access to said cistern.

Eighth.—Cisterns located on premises where there is no hydrant, must not be filled from the hydrant in any case.

Ninth.—Hydrants must not be located so as to be exposed to use by non-paying consumers, and all hydrants so situated must be removed to some secure location, on notice, or the water turned off.

PENALTIES.—Refusal or neglect to conform to the above rules and regulations subjects the parties to have the water turned off, to the forfeiture of the water rent, the payment of penalties varying from fifty cents to five dollars, and to prosecution and fine in the Police Court.

Persons using water from the Works, and any other source, as canals, wells, &c., to be charged full rates for their establishments, except when the amount taken from the Works is determined by Meter.

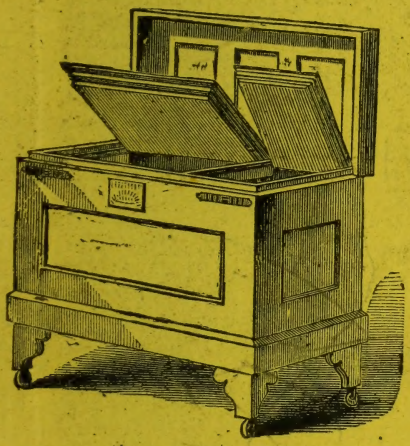
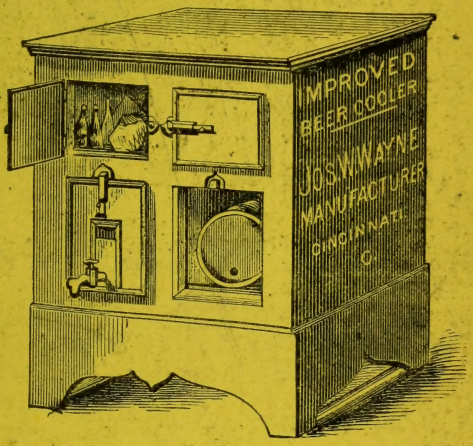
JOSEPH W. WAYNE,

Manufacturer for the West of

SCHOOLEY'S PATENT SELF-VENTILATING

AMERICAN REFRIGERATOR.





ALSO,

BEER COOLERS,

Common Ice Chests of every description,

AND

PATENT WARDROBE AND SHOWER BATHS.

Don't risk injuring your health by using Provisions which have been kept in the foul air of an unventilated Refrigerator, but buy one of **SCHOOLEY'S NEW AMERICAN REFRIGERATORS**, patented January 5, 1864, which are the only perfect self-ventilating preservers for keeping Vegetables, Fruits, Meats, Game, Fish, Milk, Butter, Eggs, &c., &c., during the warm weather. They produce colder and dryer atmosphere, with less ice, than any other Refrigerator, and are undoubtedly

THE BEST IN THE WORLD!

☞ **Send for Descriptive Pamphlet and Price List.**
☞ **Special Inducements offered to Dealers.**

JOSEPH W. WAYNE,
